Letter of Authorization for Service & NEC Membership Agreement

Nueces Electric Cooperative (NEC) has my permission to use the information I am providing in this form to enroll me for electricity service in Texas. I affirm that I am at least 18 years of age and legally authorized to switch the electricity provider for the address shown above, and I have reviewed and agree to the Agreement Terms for my Local Energy Delivery Company area. I am authorizing (1) NEC Co-op Energy to become my new Retail Elect. Provider (REP) in place of my current REP; (2) NEC to act as my agent to make change and direct my current REP to work with NEC Co-op to make this change. Additionally, I hereby make application for membership in NEC, subject to a \$15 MEMBERSHIP FEE (unless already a NEC member) and approval by the Board of Directors. I understand that I must prove satisfactory credit through one of the following methods: (1) a satisfactory credit rating through a consumer reporting agency, as defined by Federal Trade Commission; (2) provide a satisfactory Letter of Credit from a previous REP (within the last 2 years), that represents no more than ONE (1) delinquent payment on my electric bills during the past 12 months and that service was not terminated or disconnected for non-payment; PUCT Substantive Rule §25.471 and §25.478(b) through (h) and (j) through (l). If satisfactory credit is not proven, I understand that I may be required to pay a deposit or may be denied service. If required, the deposit must be received by NEC Co-op upon receipt of enrollment form. I understand that any deposit will be retained, earning interest, by NEC Co-op until refunded according to the terms of service. I also understand that I may be required to pay a deposit if I am deemed now (or in the future) to be a credit risk to NEC. I agree to be subject to applicable provisions of the bylaws of the Cooperative as they exist and any modifications thereto properly approved and authorized from time to time. I understand that: (i) the membership fee is refundable only upon termination of electric service provided that all debts and obligations have been paid; (ii) the membership fee may be placed in my membership account and that said account may also be used to facilitate distributions, if any; (iii) upon termination of electric service, the funds in my membership account shall normally be refunded when deemed by the Board and if I am able to be located; (iv) the membership fee is non-transferable and no interest shall be payable or accrue on the membership fee or other monies held in a member's capital account; and (v) my member capital account may be used to offset losses incurred by the cooperative. NEC Co-op Energy may contact me at anytime by phone methods, mail or e-mail. I have received a copy and agree to follow and accept the Cooperative Bylaws and tariff provisions as they exist and modifications thereto properly approved and authorized from time to time.

Hurry! Check here if you would like to authorize a credit score check to speed up your enrollment process. I understand NEC Co-op Energy will contact me at the phone number I provided above if this report does not demonstrate satisfactory credit.
