

NEC Co-op Energy is the Best of the Best!

For the sixth year in a row, 2019 proves that NEC Co-op Energy remains the Corpus Christi Caller Times #1 Best of The Best Retail Electric Provider. NEC Co-op Energy is honored to be recognized for our exceptional service to our members.

When asked “Why did the Caller-Times readers pick your business to be the Best of the Best?” we didn’t have to go far for the answer! Very simply put: excellent member programs, money back to members in the form of Capital Credits and NEC Co-op Energy Power Perks, and no contracts, just to name a few. NEC Co-op Energy could not be more thankful to our members. As a hometown company, NEC Co-op Energy is the best choice for your home or business.

NEC Co-op Energy has worked hard this to enhance our ability to serve members. We have implemented more member benefit programs, like the Military Appreciation Credit, Member to Member Referral Program and in 2019 relocated our office to Corpus Christi to better serve our members after being housed in our Robstown location since we began!

We strive each and every day to ensure we are meeting your needs and are constantly evaluating how the co-op can increase member benefits and increase ways to give money back millions of dollars to you. How many electric retail providers do you know who can say that? Our members are our top priority and NEC Co-op Energy takes your feedback very seriously. This community recognition speaks volumes and we are thankful you spoke up and voted us #1!

The NEC Co-op Energy team continues to demonstrate excellent service to our members and community!

Member-to-Member Assistance Donation

When you donate \$1 per electricity bill to our Member-to-Member Assistance Fund, we'll put 100% of the donations toward local assistance agencies to help other members in need pay their electricity bill. Approximately 620 members participate in the program, allowing us to send over \$10,500 to area agencies. To participate, visit www.nec-coopenergy.com

Operation Round-Up

Operation Round-Up is a program where member electric bills are rounded up to the next dollar. When you participate as a member, the extra change goes into Operation Round-Up's fund and we donate all the funds to Nueces Electric Charities, Inc. Through this program, we've granted awards tens of thousands of dollars every year to charitable organizations in our Texas communities.
