

\$50
for you

\$50
for them

Simply fill out your name and account number below, tear off and pass along to your neighbor.

**You'll both get a
\$50 bill credit if they join.**

TEAR HERE

Hi Neighbor!

When you join NEC Co-op Energy,
we'll both get \$50! Pretty sweet deal.

NEC Co-op Energy is a local, award-winning electricity provider with one honest rate, great service, and as a member, you'll get a share of the profits.

June is National Safety Month

All safety begins with awareness and the ability to identify potential hazards. National Safety Month is a great opportunity to brush up on tips for staying safe around electricity.

Light the way to safety

**Bulb Wattage**

Match bulb wattage with the wattage indicated on the light fixture

**Lamp Cords**

Check lamp cords for damage or cracks

**Extension Cords**

Extension cords should be temporary, have a professional install additional power receptacles as needed

Be Prepared

**Smoke Alarms**

Smoke alarms should be located throughout your home

**Test Smoke Alarms**

Test smoke alarms every month

**Fire Emergency Plans**

Talk to your family about creating a fire emergency plan
