

Honoring Those Who Have Served with a \$25 May Bill Credit

At NEC Co-op Energy, we take pride in honoring the courageous individuals who have served our country. That's why we offer special military programs for both active military personnel and veterans.

Active Military & Veterans Credits:

As a token of our appreciation, we offer a \$25 electricity bill credit to our veterans and active military members, which will be applied to their May electric bill. It's our small way of expressing gratitude to our valued members for their service.

How to Apply:

Veterans need to submit their verification of veteran status to NEC Co-op Energy by April 26, 2024. Any verification received after this date will be credited in the following calendar year if the account remains active. For security reasons, please refrain from emailing personal information. Instead, mail your verification to 14353 Cooperative Avenue, Robstown, TX 78380. *Verification is a one-time requirement and will be securely stored for future reference.*

*In the event a veteran member cancels their NEC Co-op Energy services and later rejoins, proof of military service may be requested again. For additional details, visit our website at www.neccoopenergy.com/for-members/military-programs/

Supporting Our Heroes Thank You VFW!

We deeply appreciate the unwavering support from our local VFW. Their dedication to our community and veterans alike is truly invaluable.
